

CARRYING CASES & BAGS

HORIZON Bags and Carrying Cases are made of High Fibre Count Nylon and durable Hard Plastics to safe keep the instruments and equipment inside.

However given the long lasting nature of HORIZON products and the rugged

environment these carrying cases are subjected to, wear and tear or accidents may occur to warrant replacements. These are readily available to ensure that HORIZON equipment continually receives the best protection.

HORIZON Bags and Carrying Cases are usually in bright colours to ensure that the equipment can be easily located should it be misplaced.
